## Children's Sunday School Project: Spring Chicks and Rabbits

Mennonite Central Committee is working with partners in northern Gaza to provide food to families through livestock. By supplying equipment, training and animals, the project will help provide a sustainable food source. Each family will receive animals such as rabbits and chickens. The meat and eggs will provide protein that children need. The project will also allow families to generate additional income from the sale of animals, meat and eggs. \$100 is the cost of five rabbits or six chickens. \$160 provides equipment, such as fencing for one family raising animals.

## ADULT CLASSES

The adult classes will be using the Adult Bible Study Guide for the spring quarter. The theme for this quarter is, "Teachings on Community" written by Vern Klassen-Wiebe and Tim Geddert. The first unit of four lessons is titled, "Community with a Mission" focusing on scriptures from Jonah and Ruth. The second unit of four lessons is called, "Teachings of Jesus" with scriptures taken from John, 1 John, Matthew and Luke. The third unit of five lessons is titled, "Teachings of the Church" and the scriptures come from Colossians, Philemon, and Jude.
